The 2nd Annual DBE Picnic, hosted by the Transportation Disadvantaged Business Enterprise Advisory Committee (TDAC), was well attended and a great time was had by all. Bringing staff and families from across the state, 40 businesses met at Bryan Park in Richmond. The day was sunny, a slight breeze keep the mood light, and ribs on the grill tantalized the senses to stay for awhile. Transportation Secretary Pierce Homer, Acting Commissioner Gregory Whirley and TDAC President Stanford Moore of K&M Enterprise, Inc. greeted guests, emphasized the importance of unity and spoke to current program success.
